Website : www.reekocabinets.com

We supply high-end kitchen cabinets and custom closet systems. Our cabinets are contemporary, functional, and visually appealing.

We use top-grade European hardware such as Blum, Hefele, and Hettich. Our cabinets are frameless, which gives extended storage capacity. Our Carcass boxes are made with 3/4" premium-quality Plywood OR CARB 2 compliant MDF boards for improved strength and stability.

Our cabinets are built in a ISO 9001, ISO 14001, & OHSAS 18001 certified facility based in Ahmedabad, India- Sujako. Sujako is one of the most sophisticated furniture manufacturing units in the nation. It is leading the league of modular furniture manufacturers in India. Over 40 years, Sujako has evolved its infrastructure and has highly skilled labor to build these cabinets. Check out their website to learn more: <http://www.sujako.com>

You can learn about the material we use and the finishes we offer, as well as view some of our latest projects done in the United States at <https://reekocabinets.com>

Cabinetry Styles

We offer three different styles in six different types of material for the cabinet doors and Drawer facia. There are 100s of choices to select from between the style, material, colors, and finishes:

Classic Shaker Style

3/4" thick High-Density Fiberboards with Seamless machine routing. It comes in a glossy and matt finish. Since these are painted surfaces, we can provide any color of your choice in this collection line.

Euro-style Flat-front

These are also called slab doors due to their solid, simplistic, and minimalist look.

It can be manufactured in all the materials we offer.

Contemporary Handle-less

The Handles are embedded within the slab doors in this style. It has a clean look without any additional hardware. It can be manufactured in all the materials we offer.
